Dear Students,

The next breakthrough idea for Bharat could come from a woman engineer in PDEU.

At Myntra, we are proud to present **WeForShe Hackerramp 2026**, our flagship women-in-tech team-based challenge. It brings together ambitious women engineers to solve real-world problems and showcase their potential on one of India's most sought-after technology platforms.

This year, the challenge is bold: **Build What's Next – Myntra For Bharat**.

Who can participate

- B.Tech/B.E. (full-time) students currently in their 3rd or 4th year (graduating in 2027 or 2028)

- Open to all women engineering students across disciplines, in teams of 2-3 members

What awaits you

- Pre-Placement Interview (PPI) opportunities with Myntra
- Up to ₹5,25,000 worth of rewards (cash prizes and Myntra EGVs)
- Digital participation certificates from the online assessment stage onwards
- A national stage to present your ideas to Myntra's engineering and leadership teams

Student Registration Link: [Click here to register](#)

We are delighted to have MyCareernet, powered by HirePro, as our official Hackathon Partner.

All female students are encouraged to participate and carry PDEU's flag onto one of India's largest women-in-tech stages.

Stay tuned for more exciting updates by following [Myntra on LinkedIn](#).

Warm Regards,

Campus Lead, Myntra

Regards,

Office of Training & Placement
